

Alliance for Substance Abuse Prevention

“Looking For A Way Out”

*A Guide to Addiction Treatment
And Education Resources
In Trumbull County & the Surrounding Area*

This publication was produced by the Trumbull County Mental Health and Recovery Board and the Alliance for Substance Abuse Prevention (ASAP) Opiate Task Force. This guide to resources in Trumbull County is for individuals seeking help with substance abuse and addiction. You may be looking for help yourself or for a friend or family member. We hope this information will open some doors to finding help. Addiction is a complex and crippling condition. The needs are many, but the number of places to turn is growing and changing. Please directly contact agencies listed in this guide for the most current information.

Please Note:

These listings are not intended as recommendation of specific agencies nor can this be considered a complete list of resources. It is an evolving field and we hope to be able to update this informational guide periodically.

IF YOU NEED HELP NOW FOR A DRUG CRISES OR
MENTAL HEALTH ISSUE
24/7 CRISIS AND REFERRAL SERVICES

Coleman Access Center

Provides 24-hour services for individuals experiencing emotional crisis. Services include consultation and referral, support and emergency mental health and substance abuse assessments. Emergency assessments are available at the Coleman Access Center or the local hospital emergency department. Anybody looking for detox, regardless of ability to pay, should start here.

THE HUB FOR TREATMENT IN TRUMBULL COUNTY**Trumbull County Mental Health and Recovery Board**

The mission of the board is to improve the well-being of our community by establishing and maintaining an effective, efficient and quality system of alcohol, drug and mental health services in Trumbull County. The board supports recovery by providing funding to agencies for education, treatment, prevention and support services. The board collaborates with many agencies and coordinates needed services.

DRUG FREE COMMUNITY COALITION***Alliance for Substance Abuse Prevention (ASAP)***

ASAP is a community project of the Trumbull County Mental Health and Recovery Board. The coalition engages in strategic partnerships to solve our community's substance abuse problems. The ASAP coalition was originally organized as a response to the underage alcohol use problem in Trumbull County. The coalition served as the catalyst behind the countywide "Parents Who Host Lose The Most" campaign. As members of the coalition became aware of the opiate epidemic in our County, they decided to tackle the issue and the ASAP Opiate Task Force was formed. The Task Force meets monthly and focuses on education, addressing high rates of drug related crimes, providing community education, and leading community wide change. Call for information on how to get involved. Or "Like" the Alliance for Substance Abuse Prevention (ASAP) on Facebook.

WALK-IN HOURS

Many times the desire to stop drinking, or using drugs, comes on suddenly and requires immediate attention. There are a number of agencies in Trumbull County that offer drug and alcohol assessments without an appointment. During a drug and alcohol assessment, questions will be asked to determine whether or not a person has a drug or alcohol problem. The findings of the assessment will be used to connect the individual with the most appropriate level of treatment. Assessments are provided on a first come, first served basis at the following agencies:

Coleman Professional Services

103 W. Market St.
1st Floor

Monday - Friday: 8:30am- 4:30pm

OVERDOSE EDUCATION AND NALOXONE DISTRIBUTION***Project DAWN of Trumbull County***

A **completely free** community-based drug overdose education and Naloxone distribution program. Participants receive education on recognizing the signs and symptoms of an overdose, distinguishing between different types of overdose, performing rescue breathing, calling emergency medical services, and administering intranasal Naloxone. All participants receive 2 vials of Naloxone in a Project DAWN kit. ***Naloxone is used to reverse opiate overdoses. There is no cost to receive a Project DAWN kit.***

RESIDENTIAL TREATMENT (REHAB)

When people think of drug treatment or “rehab,” they often think of residential treatment. The patient is required to live at the facility for perhaps 1-3 months, or sometimes longer. Without outside distractions, the individual is free to concentrate more fully on recovery. Access to an inpatient program can depend on insurance coverage, or the ability to pay. Some programs are publicly funded but admission may be based on referral from other agencies and waiting lists are often long. Unfortunately, the need for these services is far greater than their availability. Because waiting lists may be long, outpatient counseling or some other supportive plan is advisable while waiting.

A monthly support group for children who have lost a parent to addiction or have a parent in active addiction, and for those who are caring for them. Meetings are the 3rd Wednesday of the month from 6 to 7:30 p.m. Call for meeting location and to make a reservation for dinner and daycare.

(330) 544-8005

Recovery Coaches

A Recovery Coach is a person who links the newly recovering person to the recovering community, and serves as a personal guide and mentor. Coaches are not therapists and do not offer counseling, therapy or any other clinical services. They are peers who assist people on the path from a life of addiction to a life in recovery. Coaches have personal experience in navigating this path and will offer “insider” knowledge. They help individuals in recovery address areas of their lives that have been negatively impacted by addiction, including housing, education and employment.

2345 Youngstown Road

Warren, OH 44484

(330) 306-5191 or SaharaClub2@gmail.com

Solace of the Valley

Solace members seek to end the crisis of drug addiction in their communities. We provide support to individuals and families affected by addiction, advocating for policy changes and mobilizing other communities to enact their own changes. Solace is an action group, not a recovery group. Solace members are encouraged to be visible in the war on addiction, working within the legal boundaries to enact positive changes to the current climate of laws and penalties to diminish the effects of addiction on our loved ones.

www.SolaceoftheValley.org

SPECIAL POPULATIONS

Every addict has their own unique story and every addict has something in common with other addicts. There are certain populations that may benefit from specialized treatment and there are agencies and programs designed to serve them in unique ways. This is not an exclusive list of agencies offering specialized support. Included are some of those emphasizing service to these groups.

ADOLESCENTS***Compass Family & Community Services***

Family Court Treatment Services are designed to educate teens with first-time non-violent drug and alcohol offenses as a diversion from Juvenile Court.
